Dear Mr Bell

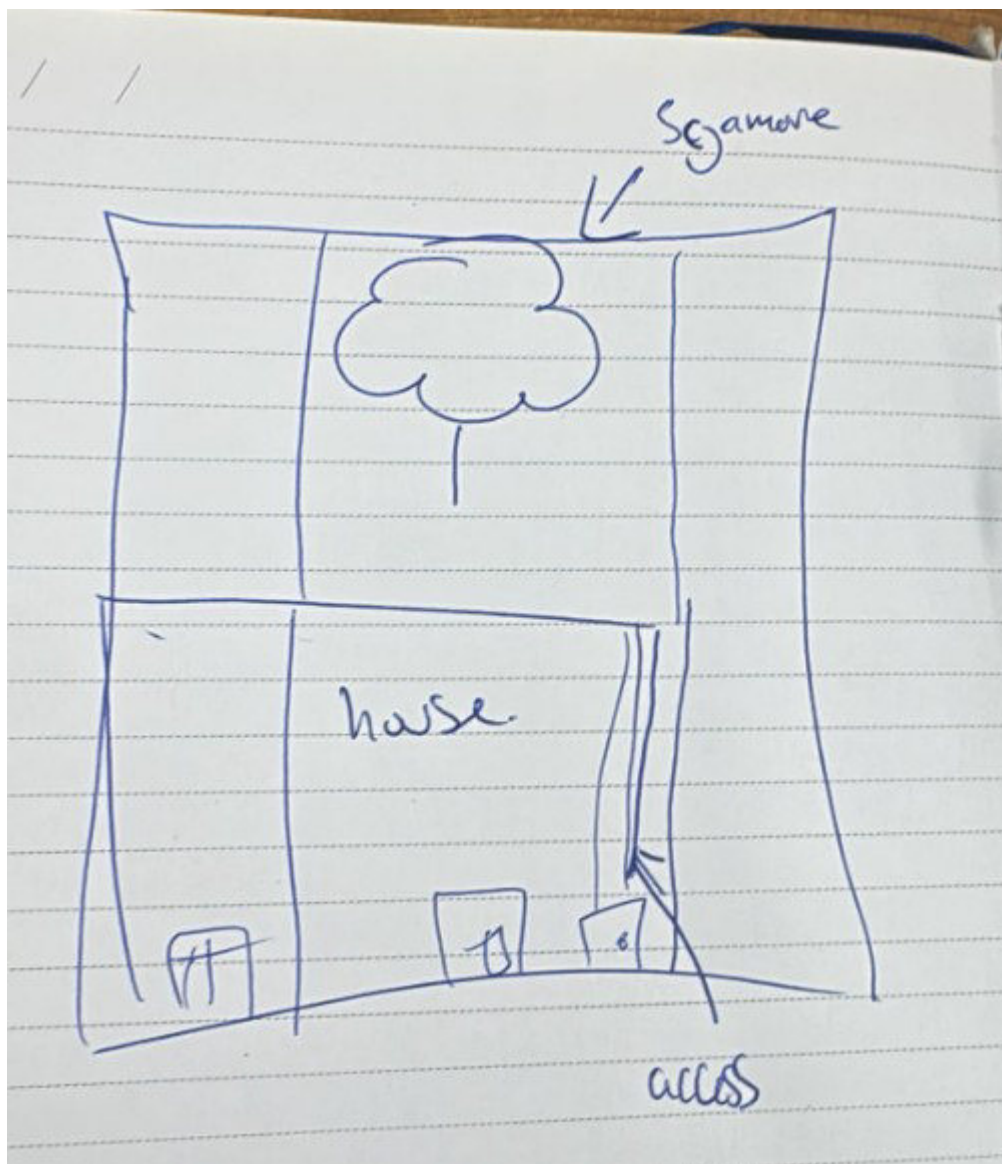

Good afternoon.

I have been allocated application BR/177/26/T - 42 Servite Close, Bognor Regis and note that the location plan and sketch plan are missing required details. I have attached the validation list and direct you to page 3 which states the plan should include road names and adjoining properties, so the location is very clear.

Please could you email me an amended location plan as the submitted plan does not include the road names.

Could you also further confirm that the Sycamore tree is located in the rear of the garden, if you could annotate this further to include the road name of the site location and a north arrow to establish the front and rear of the property and email me an updated copy.

I have also attached examples of other submitted application, should that help you further.

Kind regards

Susan Haley
