Hi,

Please can this plan be uploaded to BR/180/24/PL – it will supersede the existing proposed plans.

Many thanks
Hannah

Good morning,

I note the amendments last sent have not been uploaded to the website. Having read through the PSH comments again, we noticed there was concern about natural light to some rooms, so we have amended some windows to address this.

Please could you confirm if you are happy to consider these amendments? There is no change to the scheme and the amendments are minor to address the consultee comments.

Kind regards

Oliver Farr
Planning Assistant

Good afternoon,

Apologies, my colleague has just added a further detail to the plan, to show the WC at ground floor.

Good morning Hannah,

I have noted the consultation response from your Private Sector Housing team. It appears most of their comments relate to licensing and Building Control, the latter of which we deal with separately. Although perhaps not material planning considerations, we have produced the attached plans to address some of the matters raised and provide a little more clarity.
