Andy,

Thanks for the email response on this.

The LPA are happy with the adverts and I am ready to issue the advert reg decision.

However, as this is a listed building the lighting fixtures , redecoration and adverts would also require a listed building consent. I would recommend this is submitted at once to prevent any further delay. Unfortunately we cannot guarantee a swift decision as we are faced with a 5 week backlog due to staff resource issues which we are now improving upon.

Following validation, a period of consultation is required to enable all third parties to comment including the councils' Heritage expert - who will need to agree the redecoration schedule.

Kind regards

Hi Stuart,

Thanks for your email.

If we could agree to an extension of time until Monday 8th October instead of the 12th, that would be much appreciated.

It's just that the job is due to start on site on Monday 8th, and the decorations may well commence from this day onwards. I am reluctant to advise the decorators to proceed with painting the building until we have the approval in hand. Unless you can give me something in writing to confirm that the external signs and wall colours are acceptable?

Please advise.

Kind Regards,

Andy Beetham

Good morning Claire,

Further to our previous telephone conversation I have cleared some back log and aim to have your application written up with a view to permit. Could you agree to an extension of time until 12th October 2018. This would be much appreciated.

I await your response.
