POLICY CONTEXT

Designation applicable to site:

Built Up Area Boundary
Class C Road
No Public Sewer

The Emerging Arun District Local Plan has recently been approved by the Council and is therefore a material consideration of this planning application. It remains subject to public consultation and the formal adoption process as a whole, and it is therefore of very limited weight in terms of the decision making process at this stage.

DEVELOPMENT PLAN POLICIES

PLANNING POLICY GUIDANCE

POLICY COMMENTARY

The above policies combine to describe the criteria against which the application will be assessed particularly with regard to visual and residential amenity.

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 38(6) of the Planning and Compulsory Purchase Act 2004 states:-

"If regard is to be had to the development plan for the purpose of any determination to be made under the planning Acts the determination must be made in accordance with the plan unless material considerations indicate otherwise."

The proposal is considered to comply with relevant Development Plan policies in that it would have no materially adverse effect on the visual amenities of the locality or the residential amenities of the adjoining properties, nor would it have an adverse impact upon the established character of the surrounding area.

OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

CONCLUSIONS

The application seeks to divide the existing shop from the flat above and create a new external staircase to the rear.

To the rear of the building are various extensions to the retail units which are mainly used for storage and the access road provides access to these units and also to garages that are located on the southern side serving properties in Merchant Street.

The residential flat above the existing shop is on two levels with access stairs in the store area of the shop. It is proposed to block the interanl staircase off and create a new external staircase to the rear of the building where there is an existing door and this will provide the main entrance to the flat.

To the rear of the building on the western side is a flat roof store and the new external staircase will be sited on the rear east side of the building where there is an existing door at first floor level. The external staircase will be set in line with the neighbouring property No 19 which has an external staircase and there is also an external staircase to tbe rear of No 11.

The staircase by reason of its limited width and design will not create an area which could provide space for active use. It is not considered that the external staircase would create any harmful overlooking or loss of outlook to neighbouring properties to the rear in Merchant Street which are located approximately 24m away.

It is therefore recommened that the application be approved, subject to conditions.

HUMAN RIGHTS ACT

Human Rights Act:
The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect for private and family life)

and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal a neutral impact has been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).
