Notification regarding the above application:

Condition Number 6

The development shall not proceed until details have been submitted to and approved in writing by the Local Planning Authority for any proposals to discharge flows to watercourses, or for the culverting, diversion, infilling or obstruction of any watercourse on the site. Any discharge to a watercourse must be at a rate no greater than the pre-development run-off values. No construction is permitted, which will restrict current and future land owners from undertaking their riparian maintenance responsibilities in respect of any watercourse or culvert on the site.

Decision:

Arun District Council have decided to **REFUSE details reserved by condition for the following reasons:**

Council Drainage Engineers have objected to the discharge of this condition on the grounds that further detail is required.

Please refer to the consultation response dated 22/09/20.

As such, the condition cannot be discharged and you will need to make a revised submission.

Please do not hesitate to contact the above officer if you require any further assistance.

Yours sincerely
