OK thanks for confirming Jack, so grey slate tile hung elevations and white UPVC window frames as proposed materials.

And did you get an email from previous planning officer (Finlay) indicating a roof extension as proposed would be acceptable? If so please forward to me.

I am due to discuss the application with Manager today/tomorrow and get decision out later this week

Amy

Hi Jack

I am writing up your application today. I note neither the drawings or app form state what the proposed materials for the new dormer would be – would it be tile hung elevations and UPVC window frames to match existing roof/house?

Please confirm asap today

Thanks  
Amy
