THE ESPLANADE

ARUN DISTRICT COUNCIL
31 JUL 2017
RECEIVED

BOGNOR REGIS
WEST SUSSEX
PO21 1NY

Dear MR Temple,

we are aware that Arun District Council have raised a planning application to cover the building of a new beach office and a unisex toilet block on the site of the existing foreshore office on Bognor Regis promenade directly opposite the Esplanade Grande building. we think to locate a above ground toilet block so close to and directly in front of a residential apartment block, we think such facilities should be located on a wider part of the promenade. As it is also to narrow for this planning application, safely comes

first especially for the Elderly
and Children The Train and
Cyclist- the disabled Scooters
the proposed location is far
too narrow for this Planning
application, We would like you
to go for a walk on this area
Specially on a weekend, The
Cyclist come and nearly run
you down, you get abused many
times, the Train blows its horn
for you to get out the way, you
don't know which way to go,
you have to try and get on the
beach, this is a accident-
Waiting to happen, we think
you need to bring a Health
and Safety officer to check this
Area out

Yours sincerely
