Dear Mr Roberts

Temporary Toilets The Promenade Bognor Regis

Will Arun District Council and its head of planning (and maybe appoint an exterior designer to sit in) get round the table to sort out what is and has been since May 2017 an eye sore and utter clutter from the temporary toilet block east of the foreshore office, more suited in one of the fields at Goodwood revival or Glastonbury, Please NOT Bognor Regis Seafront, should this be the start of regeneration with a vision for the future, If temporary!! or NOT it does not give confidence in what can be expected for any future project Arun Council wish to RUSH through.

Why could some degree of flair or thought not have been shown at very little extra cost to at least make the block look respectable, there is still TIME, replace the word portaloo mentioned more than once with, Public Toilets, have some form of sea side theme displayed on it, Flower baskets etc? These are not difficult findings, just the lacklustre energy shown ADC by way of WE GOT THE PORTALOO DUMP IT THERE!!!, it maybe Bognor Regis but please give some respect to visitors and residents alike who ADC want to bring money to the resort and the rate payers of ADC.

From the research of visitors to Bognor Regis both passenger car and coaches all bar a few felt the toilets should be placed near the Gloucester Road coach parking bays (NOT THE ESPLANADE as what is happening currently with the coaches) and the vehicle car park, where you as a visitor would hopefully expect some form of toilet.

Let us all see it smart, For whilst we cannot guarantee that one day we shall be FIRST we can guarantee without the effort we shall be placed LAST.

Yours Sincerely
