Dear Mr Temple

Re Application No: BR/194/17/PL

Thank you for your letter dated 13<sup>th</sup> December 2017.

I have reviewed the amendment to the above application on your website, and would like to make further representation as follows.

Whilst I still object to the siting of the toilets in the proposed position, the amendments are an improvement to the original application. However, I feel the signage proposed for the north facing exterior is oversized, and not in keeping with the general signage of the area. I feel that the signage would be better restricted to EAST/WEST and SOUTH facia only, which would be more informative for the promenade users, and would provide a better outlook for residents of the Esplanade.

I hope you will take my views into consideration.

Yours sincerely
