Dear sir or madam

We wish to object in the strongest terms to the above application to build two flats on top of the building directly opposite our flat.

This would cut out a great deal of light into our flat, and reduce our privacy and sense of security. We live in a retirement development and value the peace and tranquility we currently enjoy.

We attach a copy of a photograph showing the proposed location of the new flats, from which you can see the proximity and exact location of this property, and which shows the height of the current block of flats. There is also a rather beautiful tree in front of the building which we would hate to lose.

We feel it would be deeply inappropriate and unsightly to build higher on an already high building.

We do hope that our objection can be lodged with the appropriate office.

Kind regards,

Dr Anne Dean and Ms Irene Kemp
