Dear Richard,

Please find attached proposed specification sheet for the extraction system provided by Sussex Catering Equipment Ltd.

Please do contact me if you require further information.

Kind regards,

Olcay

Dear Olcay,

Thank you for the email.

If you can get the information to me soon we can accommodate it. We need to make a decision by 31<sup>st</sup> August. If you need longer than that I would suggest withdrawing the application. Note once you have sent details on we have to consult EH so it takes some time.

Regards,

Richard Temple | Senior Planning Officer, Directorate of Place, Arun District Council | Location: First Floor, Arun Civic Centre, Maltravers Road, Littlehampton, BN17 5LF

Dear Mr Temple,

Many thanks for your email.

We are in contact with the supplier of the extraction system, who have agreed to provide the proposed technical details of the noise and odour control measures for your approval. We will forward this information as soon as it becomes available, hopefully by the end of this week.

Could you please confirm that you are able to consider this within the timescale of the application?

Kind regards,

Olcay

Dear Mr Tunc,

Please find below the comments from the Council's Environmental Health Team regarding the above application:-

*"I have no objections to this in principle. However I note that it looks likely to be a premises serving Fish and Chips and that the applicant has shown on the plans where the ducting for the kitchen ventilation will be. As there are residential premises above, there is the potential for both noise and odour to affect the residents of the flats. Please could the applicant submit further details to allow assessment of the proposed extraction unit to be carried out. I would direct the applicant to the DEFRA guidance 'Guidance on the Control of Odour and Noise from Commercial Kitchen Extract Systems, January 2005).*

*Should this information not be forthcoming, Environmental Health would be likely to object on the grounds of insufficient information on noise."*

Would you be able to address the comments above? Otherwise we may have to refuse the application.
