

[REDACTED]

App No: BR/201/20/PL
Address: 29 Highcroft Crescent Bognor Regis PO22 8DH
Proposal: Re-establishment of dwelling to form former pair of semi-detached bungalows (resubmission following BR/139/20/PL).

Bats

The lighting scheme for the site will need to take into consideration the presence of bats in the local area and the scheme should minimise potential impacts to any bats using the trees, hedgerows and buildings by avoiding unnecessary artificial light spill through the use of directional light sources and shielding.

We require that a bat box is installed on the buildings onsite facing south/south westerly positioned 3-5m above ground.

Nesting Birds

Any works to the trees or vegetation clearance on the site should only be undertaken outside of the bird breeding season which takes place between 1st March – 1st October. If works are required within this time an ecologist will need to check the site before any works take place (within 24 hours of any work).

We would like a bird box to be installed on the building and / or tree within the garden of the property.

Kind regards

Liz
