Mrs. Grieves,

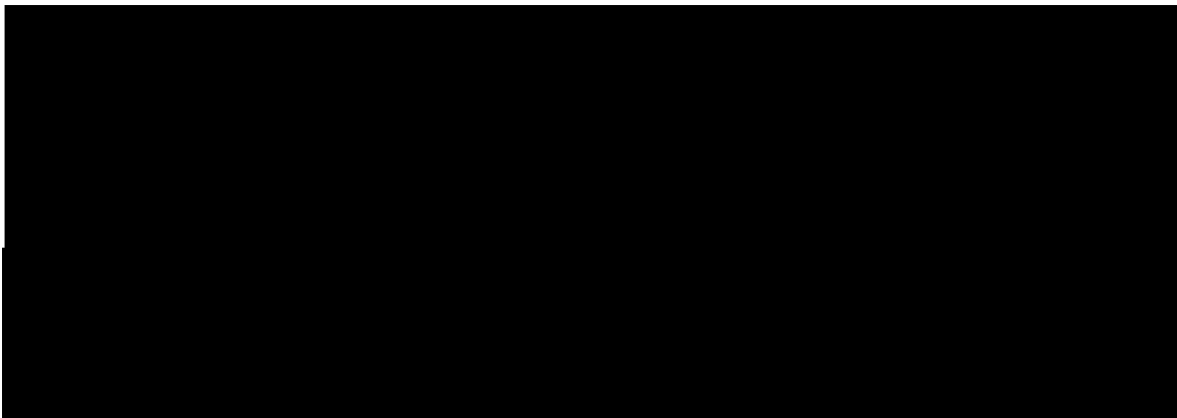

I am perfectly aware what an OS based plan looks like, I am also perfectly aware of the level of information required to demonstrate the location of the proposed works in accordance with the National Validation Requirements (which provide Guidance for interpretation, they are not Statute), and I contend, that you are misinterpreting the requirement and applying an unreasonable expectation. The plan provided includes the location of the proposal, includes an access to the site, includes two named highways, is at your requested scale of 1:500, and has been purchased from ProMAP (Landmark Information Group) as up-to-date information. Additionally, you have Aerial Imagery, also purchased from ProMAP to very clearly demonstrate the location of the works.

I would ask you to please speak with a Planning Officer, preferably the Case officer who will be determination the application, so that they can assure you, that they know where Butlins is.

Your approach in regard to this matter is becoming un reasonable, especially considering your Colleague has accepted the same plans, I have no interest in whether they did or did not make a mistake.

If you cannot process this submission, I will escalate this matter to your councils Monitoring Officer.

Kind regards,

Dear Mr Dover,

As per the National Validation Requirements, we require an up to date plan. Regardless of the fact this is not an Ordnance Based plan, it is not up to date. If you take a look at an Ordnance Survey based plan you can see the difference.

Regards,

Julie.

Dear Mrs. Grieves, that is not acceptable. Please reconsider, based upon my earlier email. Plenty of information has been provided to locate these works.

Also, I don't believe there is a second Butlins Resort, presumably one of the largest employers in West Sussex. I have no doubt, you know exactly where the resort is.

I have referred it to my team leader and unfortunately they were accepted in error. Plans can be purchased from Ordnance Survey.

Dear Mr Dover

Can you advise what application that was please? Unfortunately Miss Garner is off sick so I cannot check with her.

Thanks

Dear Mrs. Greaves,

Your colleague Miss Garner has accepted the exact same maps last week, this is therefore a rather inconsistent response.

We have provided mapping and aerial imagery, and the National Validation Standard requires that reasonable provision be made to locate the works, and we have provided this as a combination of mapping, imagery, and the address and Coordinates provided on the application form.

Please could you review your position, and advise accordingly.

Dear Mr Dover,

Thank you for your email and attachments.

Unfortunately we cannot accept street maps. The plans have to be Ordnance Survey based. Please forward accordingly.

Many thanks

Dear Miss Garner,

Further to our exchange on Friday regarding your colleagues letters BR/207/15A and BR/206/15PL which I had not previously received, I attach the necessary information and would be very grateful if you could pass this to Mrs. Greaves to allow our applications to be validated?

I attach plan 605 providing 1:2500 and 1:500 plans for the FULL application, plan 606 providing 1:2500 and 1:500 plans for the ADV application, and an LVC as requested.

Should you have any queries at all, please don't hesitate to mail or call at your convenience..
