Planning Application Number BR/214/18/PL

As a Bognorian, born in Oakwood Road and having grown up in the town, I strongly feel that the planning committee should reject the plans for the building of houses on the old Royal Norfolk tennis courts.

Enough damage has been done to Bognor Regis over the years by wrecking what we had. This is the last straw.

Please reject this plan to cram more buildings, causing more noise and making the traffic in West Street even worse.
