Planning Application Number BR/214/18/PL

Dear Sir,

Another application to build on the open space which is part of the setting of the Royal Norfolk Hotel. It is a Grade 2 listed and 19th Century building and as such deserves our respect to retain the space around it.

Now living in Bognor Regis and enjoying this space. It would be terrible if more houses were squeezed in so I am asking you to refuse this application.

Yours faithfully
