Hi Nick,

This certainly looks better but I'm going to need to discuss with my Team Leader when I'm back in the office on Monday (working at home today, tomorrow) before I can advise if it will allow a positive recommendation. However, in the meantime, can you advise how the parking space will work given the existing front/front side boundary walling, the telegraph pole and likely parking on street to the front of the building. A tracking diagram might assist.

Kind Regards

Subject: Amended Highfield RD.

Hi Simon

Please find attached amended proposals for Highfield Rd application following your advice. Please note reduced size, addition of parking bay to front elevation, reduced mass and bulk of exterior profile, reduced overlooking to South and West elevations.

Please confirm and acknowledge receipt by return. If there is any further information required to ensure a successful planning outcome please do not hesitate to get in touch,

Many thanks
Nick
