Dear Mr Lloyd,

Thank you for your email.

I apologise for the delay in validating the application. I received the email when it was passed to me on 10th September 2014, but for some reason, I did not register the file.

I have just spoken to Mr Vick, West Team Leader, who advised me to register the application without delay today. It has been allocated to Mr Easton, Planning Officer who is aware of the situation.

Once again, I apologise for my error.

Kind regards,

Karen Garner

Hi Karl,

Further to my e-mail dated 9th September in response to your request for additional data can you please advise where we are with regards to the application made (referenced above) as I can not see this on the search page on your web site?

We are now being chased by our client for answers on this application due to the fact the application was for lighting due to a dark car park area.

Thank you in advance for your assistance in this matter.

Best regards

Adrian

For the attention of Mr Karl Roberts

Dear Mr Roberts,

Thank you for your letter (copy attached) with regards to our Planning Application Referenced above.

We have completed the Biodiversity Checklist as well as the LV Checklist and these are attached as requested.

We do not believe that either of these forms actually applies to our application as we are only looking to installed 3 x small wall mounted car park lights at the rear of the HSBC branch however if more specific data is required please let us know and we will assist as best we can to provide you with all that is needed.

We hope this is as required and await your further advice in due course with regards to our application.

Best regards

Adrian
