

Bin Storage and Collection Statement

February 2013

6 Seafield Terrace, Stocker Road, Bognor Regis, West Sussex.

The proposal is for a 3 bedroom end of terrace dwelling.

To the west side of the proposed dwelling there is a private alleyway within the curtilage. This is labelled on the site layout plan accompanying the application at 1:500 scale.

The alleyway is circa 1m wide and 10m deep and runs from the highway (north side) to the rear garden (south side) of the new unit.

The alleyway has enough storage for multiple bins.

The alleyway is within 10m of the public highway.

We submit that the proposal meets the storage and collection requirement for bins.
