Subject: Planning application for 6 seafield terrace Bognor Regis West Sussex BR/21/13/

I am objecting to the proposed development because it will run along side my ground floor flat. The development will give us less natural light into our property as well as severely over look our property giving no privacy as we have very little as it is.

There has been two previous applications for development for this site of which both have been refused please observe previous applications.

If this dwelling was given permission we feel this would also have a negative affect on our property's sale ability and value.

Yours sincerely

Mr A & Mrs K Rawlings
