Subject: BR/227/19/PL - 3 Southdown Road - PO21 2JS

Dear Amy

Thank you for giving us the opportunity to clarify our Application.

We had assumed that approval of our Tree Protection Plan 1022 - 5400 (Included with our Application

BR/153/17/RES)

was implicit when that application was approved.

However we do regret not notifying the ADC Tree Officer for his approval prior to commencement.

****Attached

Permit BR/153/17/RES

Recommendations - Simon Davis - Incl. in above Permit

Tree Protection Plan - 1022-5400

We are concerned by The Tree Officer's comments.

We unfortunately have no record of the exact dates of his site visits, but his first visit coincided with the theft of the temporary fencing being used to protect the trees. - However the fencing was replaced and approved by the Tree Officer on his second visit (On or about 27/04/2018)

****Attached

Photos showing tree protection in situ

(Unfortunately we have nothing earlier)

Building works are now complete and the permanent protection and preservation is being implemented to comply with measures set out in the Landscape Plan 1022 - 5300 (Included in our Application BR/153/17/RES)

****Attached

Landscape Plan 1022 - 5300

Current photos showing the permanent protection in situ/
Parking Court Surface/Rear Gardens

We would welcome a site visit to confirm that no damage has been done and that future protection is in place.

Thank for all your help.

Regards

Jill Steward
