Dear Stephen,

You are right in that everyone wants a short decision time span. Unfortunately, I am somewhat hamstrung at the moment given the delays we have in registering applications (in this case, we validated the application on the 10th August but it did not reach me to start my processes until the 18th September) and also because of a backlog that had built up through the many months that my caseload was at 70-80+applications. Therefore, although the 8 week date is 05/10/18, in reality, there are 28 applications due for decision before yours. I cannot be exact as to timescales but I would imagine not being able to work on the report/decision until the second half of November at the earliest. I would therefore ideally want an extension of time until say the 23rd November. I do appreciate that will likely be unacceptable to your client but I cannot put you ahead of other applications that have been waiting longer.

Kind Regards

Hi Simon

Just to let you know that the applicant and Jeremy Pardey from Butlins met the Parish on Monday evening and got a good reception – hopefully to be reflected in the Parish response to you!

How is it going, you did not let us know what (if any) time extension you need, can we keep it short – I guess everyone is hassling for that, you have my sympathies, must be very debilitating to be under that type of pressure?
