Dear Stephen,

In that case, no. We previously conditioned the use to be in accordance with both the Acoustic report and the Management Plan.

Good morning Simon

The measures in section 7.0 of the Noise Report are identical to those in the Noise Report from the original Ashley House application, all of these except the last one, re the shuttle bus, refer to the rooms in Ashley House.

As Ashley House has now been operating for some time do we really need to incorporate these comments (with the possible exception of the shuttle bus) into the Management Plan submitted for the extension in which all of the windows face the front or rear or away from the neighbour towards Ashley House itself?

Dear Planning

EH has no objection in principle to this application.

We would request that the Noise Management Plan be updated with the additions noted in 7.0 Mitigation Measures of the Acoustic Report (8812/NIA, dated 8 August 2018).

Regards

Fiona
