

1
Dear Planning Committee,
please accept my apologies
for not writing to you in
a more business like
format ie On one sheet of
paper & typed

But I feared that if
I waited for some one to do
this for me I might miss
the last date when you will
accept for consideration
any objections to the proposed
development of 86 Attwood
Avenue Application

BR/23/19/PL

Yours sincerely

2/ 84 Annandale Avenue
Bognor Regis
PO 21 2EX
4/11/19.

To the planning Committee
Re application
BR/231/19/PL
for redevelopment
of 8b, Annandale Avenue
Bognor Regis PO21 2EX

Dear Planning Committee
I am very alarmed to read
another planning application
has been made to enlarge &
extend 8b Annandale Avenue
We understood any sizable
development on this property had
been rejected.
Any raising of the roof level of
8b will severely restrict the amount of

light that that can reach out rooms at 84 particularly the kitchen which of course will mean we have to have artificial light all the time increasing our electricity bill.

But above all will be the difficulty of parking any where in Annandale Avenue. Let alone any where near 84.

As I am sure you are aware there is no provision for parking in these plans & as already this road is used by people who are using the train & also coming from other side roads it will be even more chaotic.

4

And it is more than difficult for me as I am a pensioner to carry heavy shopping & impossible for Mr Barnes who is also a pensioner.

If you allow this planning to go ahead wont that set a precedent that any house in Annandale Avenue can extend in a similar manner ie building higher & making no allowance for parking.

I am told by people that have had large developments built next door to them that the value of their property has greatly decreased.

I hope you will agree that these plans with no allowance for parking are not a good thing for anyone. Yours Sincerely
