Subject: 77 Aldwick road. Hydrotech cleaners 77 Aldwick road.

I am writing to ask you to reconsider making flats at 77 Aldwick Road. I have spoken to the owner of Hydrotech cleaners and this has been her business for 23 years. She may be able to open a Post office counter in her premises. The high St in Aldwick is slowly dying and it seems such a shame to spoil this little community. If flats are installed parking will be an issue. I have great sympathy for the owner who has a wide range of customers and whose practice is environmentally friendly in these eco aware times. Please reconsider this application.

Yours sincerely, Sally MacGregor.
