Details of the pre-application advice received

The proposal seeks to replace the existing shop front. This will be similar in appearance to that of the existing however will have larger panes of glass. The base of the shopfront underneath the window frames are currently rotten and will also be replaced with brick.
The development will appear similar to existing and with the changes minor in scale and in keeping with surrounding shops, the design and appearance is considered acceptable and in accordance with D DM1 of the Arun Local Plan.
As result of the type of development proposed, this is not considered to provide adverse impact upon amenity. The shopfront overlooks the street scene and as such is would be acceptable on the residential amenities of the properties above.
Based on the above comments I conclude that were an application for planning permission to be submitted it would be likely to be approved.

24. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
