Dear Mrs Johnson,

I am writing to confirm the following points,

- The proposed sign will be illuminated using solar panel system.
- The proposed solar power sign is designed to run all year round, often running more in winter when there is less light.

The proposed solar panel sign will be of modern light efficiency solar powered and has a zero carbon foot print-reducing pollution and improving sustainability.

The solar power assemblies attach separately from the light fixture or powered device.

The solar array slides directly on to the power brackets and contain the battery assembly cover.

The marine grade aluminium box contains the battery, the charge/ load computer and any other control electronics specified.

The aluminium power brackets flip over to provide 5, 15, or 45 degree solar array.

The proposed solar panel system uses ultra-efficient appliances, especially selected for their ultra low power draw.

- The financial saving on the cost of solar power system amount to many times more than the extra investment cost.

I hope this is to your satisfaction and be glad to assist if further information is required.

Kind regards

Farhad Aarabi

Mr Aarabi,

I have found information you have provided by email that the sign is to be illuminated using solar panel energy system.

I only need some manufacturer details about the solar panel.

Sorry for any confusion.

Mrs Johnson

Mr Aarabi,

I have been on leave, returning this morning.
I have noticed that the block plan on the above application has The Claremont edged in red.
Please take the red edge off of just The Claremont and return to me by email.

If you have any questions, please do not hesitate to contact me.

Thank you,
Mrs Johnson

Mr Aarabi,

I will need to change the site address to:

Land in front of 24 West Street.

Please confirm that I can change the site address.

Thank you,
Mrs Johnson

Dear Mrs Johnson,

The position shown on the block plan is correct, my client thinks the public will notice the sign more if it is situated in West Street.

Please contact me if you require more information.

Many thanks

Mr Aarabi,

Thank you for the information and clarification of the site address.

On the block plan, can you please indicate the position of the sign post? Currently, the block plan is showing the sign post in front of 24 West Street and not the Claremont.

If you have any questions, please let me know.

Thank you,
Mrs Johnson
