Dear Sir,

Re : 75 Mead Lane - BR/247/18/HH

I am the freehold owner of 48A Hook Lane, which backs onto the boundary of 75 Mead Lane, my rear boundary wall is of masonry construction which will at some time require maintenance works.

I note that the application drawings shows the removal of an existing shed and the construction of a residential extension to an existing residential property.

Drawings RBA.205/1005 clearly show that at ground floor level and first floor level, that the external walls are 800mm from my boundary.

The minimum distance should be 1000mm, thus providing a workable distance for / should maintenance be required.

I await your confirmation that this will be the case, but also register my objection against this planning application being approved in its current stage.
