Technical Support Unit on extn. 37711

27th September 2018

Dear Mr Kagarov

Development:

To remove/demolish front garden brick wall 1.5m height and wooden gate 1.5m height to ease access to building/extension and internal work.

On completion of property building and improving works, to rebuild new front garden brick wall and wooden gate to 1.8m (6 foot) height.

Property building works go under granted planning permission, front garden brick wall provides difficulties for access of plant machinery to the building site, soil and hardcore removal.

Front garden brick wall very old and uneven, needs modernization and improvement for the safety and good street look.

Also wooden gates will need to be changed because old gates became rotten and falling apart.

Location:

10 Annandale Avenue Bognor Regis
