Dear Mr Simon Davies,

I wish to object to the planning application listed above on the following grounds :-

- 1.The A259 at that site has an ambulance station opposite and ambulances need a clear exit and entry site.Large lorries and cars leaving a supermarket on to a busy road will cause chaos.Have a look at Aldwick Road when lorries are delivering to the Tesco supermarket to see the chaos and there you don't have traffic lights. At busy times eg late afternoons the traffic is often queuing across the square roundabout back on to the Felpham Way and a busy supermarket at this site will just be madness and drivers will suffer.
- 2.The site is next to a 3 way traffic -light system and delays occur regularly at peak times without any extra traffic from a supermarket on an A road.
- 3.Recently the White Horse public house has been changed into a children's nursery/playcentre. Parents will find it impossible to park due to the lights,yellow lines along all the roads,metal waste recycling lorries delivering up the road .Accidents will happen as parents are always in a rush and will park next to the centre so there will be chaos there on a main road in and out of Bognor.

4. Behind the ambulance station is Bognor hospital and the back entrance is used a great deal by staff and ambulances so this area of Bognor is very busy. School children to South Bersted school use the crossing so a supermarket will only add to the delays for through traffic and make the area very tricky to travel through. I do hope you will visit the site and look at all these difficulties arising from the change of use and do we know which supermarket is interested?? We have enough Tesco's so please not them. Yours sincerely Mrs Ann Farmer
