Subject: FW: 61A Annandale Avenue - Planning Application BR/251/19/HH

Hi Amber,

I've seen the planning site notice on the lamppost in front of 112A Victoria Drive this afternoon. Thank you for arranging for this to be posted.

It's for the following:

**BR/251/19/H
H**

Status	Undecided
Proposal	Proposed single storey rear extension to existing garage and conversion of garage with new pitched roof over.
Location	61A Annandale Avenue Bognor Regis PO21 2ET
Parish	Bognor Regis
Case Officer	<u>Amber Willard</u>
Received	23-08-19
Validated	10-09-19
Decision By	05-11-19
Comment By	10-10-19

This is to the south of the rear of 112A Victoria Drive, which is where I now stay when working down in the area, from the look of the location plan and is not likely to impact upon my amenity in any way.

It does not look like it has an impact on anyone at 112A, although that is for them to decide and not me! No doubt they will make representations should they feel they are impacted upon in a harmful manner amenity wise. The rear first floor occupier might see the site and proposal.

There is no appreciable impact on my amenity and therefore I would like my NO OBJECTION to the proposal recorded on the application/website.

Many thanks,

Ross

PS

I've retied the knots firmly/properly for the site notice, they were not tied tightly and the notice could easily have come off the lamppost, it was already slipping down the lamppost. Picture of one of the knots as found attached.
