Hello

I would like to add my concern to other residents of Bognor Regis re the above.

There seems to have been little regard as to whether we wanted any signs displayed for something that many residents do not wish to have. I f Arun DC thinks it is acceptable to put signs up, often in inappropriate places, surely others can do the same?

It seems to me that Arun DC is displaying the above as a form of propaganda inflicting their wishes upon us without listening to people who live here. There has been no true consultation or attempt to listen to what residents want in their town.

There are also other issues I could raise re above but these are my main concerns.

Many changes have taken place in the town since I moved here four years ago which have been introduced without really listening to the people who really matter. Us. It's not about putting through everything you think we want.

Thank you

Jenny
