Dear Mr Crowther

We are objecting to the proposed plans BR/255/18/HH to 30 Mansfield road, the previous works carried out under the planning application BR/69/18/HH have already had a vast impact on the neighbouring area, affecting our outlook and skyline.

If the new extension to the roof is permitted and the proposed velux window measuring 2ft x 4ft that will be installed, this will allow the occupants to totally overlook us. The whole build has already lost the look of a bungalow and is dwarfing other people's homes.

Yours Sincerely

F Simpson
