To the Planning Committee,

Once again the matter of the trees on the corner of Orchard Way, Bognor Regis has come up again.

I strongly oppose to the fresh application to remove yet another beech tree from this site.

Surely we should preserve as many trees as possible and especially when they have a preservation order already in place.

I would agree the trees on the northern boundary with Orchard Court require some pruning.

We hope sense will prevail again in preserving these trees for many more years to come.
