Hi Nicola

Re RE -pollard of sycamore tree at 35 Tennyson Road.

Sorry If this was the wrong way of doing this.

Answers to your questions.

- 1) So the tree last had some work done on it in 2012 when it was “reduced back to approx. 4m to previous pollard Calluses”. I’m intending to take it back to its same Pollard Calluses.
- 2) Below was I though the best way of chowing the tree’s location as it sits with other properties. The 6a building which is closest to the tree is in Crescenta Walk.

Let me know if there is anything more you need.

My home email address is [REDACTED]

Thanks

Simon
