

Location Plan

Chipley Court, Hawthorn Road, PO21 2XA

Chipleigh Court

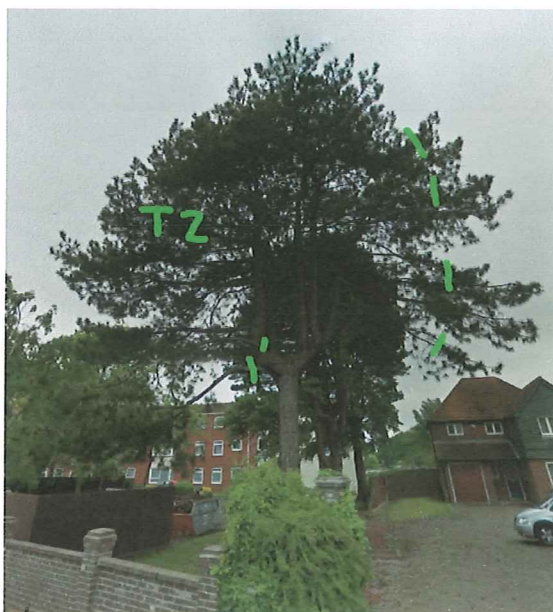

Brick setts lifted and an extensive mass of surface roots exposed. Size 10mm – 100mm

Trench close to boundary fence line

Trench along curved kerb edge. Roots up to 50mm at 300mm depth

T2
North side, reduce overhang into 'The Acorns', by 1-2.5 metres to live growth points.

T2
Remove x2 lower branches on southern side, under 100mm diameter

Identification of trees and description of works

T1 Application to fell Austrian Pine to ground level.

T2 Remove x2 lower branches on southern side and a side reduction of northern crown of Austrian Pine between 1-2.5 metres

Due to significant undulation of the driveway at 'The Acorns' the roots were exposed, investigations revealed a large mass of roots attributed to T1 following two slit trenches. To sever this much root mass will have a major effect on the trees vigour and vitality. To abate the nuisance this unfortunately leaves no option other than to fell T1.

T2 Crown lift x2 lower branches on southern side over bin store and shape crown by reducing lateral branches on north side by 1m to a maximum of 2.5m to abate nuisance from needles and dropping cones.
