Dear Nicola,

Thank you for your email.

Regarding my Tree Works Application I apologise as I have just reviewed my application and note I have ticked the 'Yes' to the 'Condition of the Tree'. Could you please alter this to 'No'

The limb failures on the tree were more a statement of fact rather than an explanation of why they had occurred or suggesting it was from a poor condition of the tree. I actually believe the tree to be in a broadly healthy condition as my tree surgeon advised me when he was clearing the fallen limbs.

The main reason for the application is that the tree limbs are now in very close proximity to the surrounding buildings and in danger of causing damage to the buildings and the tree limbs.

I trust the above will now make application acceptable but should you require anything else please let me know.

Regards

Adrian
