Dear Mr Gander,

Having looked through the drawings and compared to the current versions on the file, I will accept these as an amendment without the need for further consultation.

Kind Regards

Dear Mr Davis,

Following our telephone conversation I am pleased to attach an amended drawing for this site. The changes are of a relatively minor nature but I attach drawings for your attention anyway. They are;

1. Change of materials. The upper render panels will now be Cedral Weatherboard cladding.
2. The curved brickwork has been changed to square edged.
3. The internal layouts have been adjusted to suit building control requirements.

I hope you find everything in order but if you have any questions then please let me know.

Regards.

Wayne
