Subject: BR/262/20/PL ***URGENT***

Hello,

I am writing on behalf of my Mum who is a resident of Orchard Way in Bognor. I found out over the weekend there was to be a 24 hour gym (was announced on their social media) very close to her house, and she knew nothing about it, and neither did we, she is quite elderly and distressed about this. When looking into it there are no obvious applications for any gyms, the application actually seems to relate to something else (BR/262/20/PL).

How can this be done with no right of the residents to object when this will obviously affect them so much. This is an industrial park, therefore limited to that use (and the hours associated with it), and now it will create huge traffic issues, huge parking issues and noise issues through the day and night 7 days a week, 24 hours a day, and it appears none of this has been looked into.

Can someone urgently let us know how this has gone this far with no one knowing about it and it being in a residential area.

Regards
Sandra
