Subject: Planning application objection

Dear Sir/ madam

Ref: BR/263/18/pl

Butlins staff accommodation, st Joseph's, Albert road, bognor , PO21 1nj

I wish to object most strongly to the application to extend the hours of use for their conservatory, on the following grounds:

I live in Esplanade Grande which sits directly south of this site and the conservatory is directly backed up to the boundary wall.

Many times since the st. Joseph's building has been occupied we have had to make complaints about the noise coming from the conservatory- I suspect from residents partying.

If the hours are extended it will only make it worse.

The bedrooms of the majority of our apartments are located at the back directly in line with any transmitted noise preventing us from sleeping. Totally unacceptable.

Before the building was occupied a meeting was held by Butlins at St Joseph's and all their rules for the staff were clearly explained, including the current time limit on the use of the conservatory, which we were all happy with and therefore didn't object to the planning permission. If we'd known they were to try to extend the hours we would have vehemently objected to the original planning application.
