Re application BR/263/18/PI

Dear Sirs,

As a resident at Esplanade Grande we have objection to the above application on the following grounds:

Most of our bedroom windows are yards away from the stated conservatory,

When the initial PR meeting was held the thought was raised that the conservatory would be a party place and we were ASSURED that it would be a quiet room and the doors would be LOCKED at 7 pm every night.

In view of these facts we would not like the planning permission to be granted.
