Dear Sir/Madam.

I write to object to the above application to extent the hours and use of the smoking area and conservatory. The noise from that area is already noticeable and on occasion there is a guitar involved which obviously adds to the noise level by singing along. If this incremental concession is approved doesn't it start a precedent, to say, further extend the hours on Saturday nights or have musicians perform/ rehearse in the conservatory. The original idea was residential accommodation for Butlins employees, with no mention of recreational facilities. This application sets would set the the original application off on a whole different path and should be refused.

I apologise for being a day late with this comment, but I was on holiday till today.

Ian Hall,
