Dear Mr A,

I have just been notified by my manager that all matters with the application have been considered acceptable. He has just asked if we could agree to an extension of time until 20 December 2019 to allow the issuing of the decision notice?

Subject to receiving written agreement shortly, the decision should be issued today/tomorrow.

I look forward to hearing from you shortly.

Kindest regards,

James Cross Bsc (Hons) MSc Lcgi TP. MRTPI

Hi Ay,

You should receive the decision throughout this week. I have not received any further information from my management and understand that the application should still be approved. If there is any change to this I will let you know imminently.

Kindest regards,

Dear Mr Ay,

I am currently drafting up the above application for review and sign off to my line manager later this week. As per new regulations introduced in 2018, I am required to get your agreement for the below recommended pre-commencement condition. I am unable to progress the application until the below condition is agreed so would be grateful if you could confirm acceptability in writing asap?

If you have any questions please do not hesitate to contact me on this email address. Please note that the below recommended condition is not binding on the Council on any subsequent decision and is provided on a without prejudice basis.

Kindest regards,

No development shall commence until a Construction Management Plan has been submitted to and approved in writing by the Local Planning Authority. Thereafter the approved Plan shall be implemented and adhered to throughout the entire construction period. The Plan shall provide details as appropriate but not necessarily be restricted to the following matters,

- the anticipated number, frequency and types of vehicles used during construction,

- the method of access and routing of vehicles during construction,
- the parking of vehicles by site operatives and visitors,
- the loading and unloading of plant, materials and waste,
- the storage of plant and materials used in construction of the development,
- the erection and maintenance of security hoarding,
- the provision of wheel washing facilities and other works required to mitigate the impact of construction upon the public highway (including the provision of temporary Traffic Regulation Orders),
- details of public engagement both prior to and during construction works.

Reason: In the interests of highway safety and the amenities of the area in accordance with policy TSP1 of the Arun Local Plan.
