3 Description of Development

Erection of 2 no. 2 bed dwellings and 1 no. 3 bed dwelling and formation of 3 no. parking spaces.

4 In pursuance of their powers under this Act and related Orders and Regulations the Council **PERMIT** this development to be carried out in accordance with the application and plans .

1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

2 The development hereby approved shall be carried out in accordance with the following approved plans drawing number 2012/19/02 and 2012/19/01

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with GEN9 of the Arun District Local Plan.

- 3 No development shall be carried out unless and until a schedule of materials and finishes and samples of such materials and finishes to be used for external walls and roofs of the proposed building have been submitted to and approved by the Local Planning Authority and the materials so approved shall be used in the construction of the building.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of amenity by endeavouring to achieve a building of visual quality in accordance with policy GEN7 of the Arun District Local Plan.

- 4 Development shall not commence until full details of the proposed surface water drainage scheme have been submitted to and approved in writing by the Local Planning Authority. Existing surface water system and foul water system must be included with this submission. The design should follow the hierarchy of preference for different types of surface water drainage disposal systems as set out in Approved Document H of the Building Regulations and the SUDS Manual produced by CIRIA.

Groundwater monitoring to establish highest annual ground water levels and Percolation testing to BRE 365, or similar approved, will be required to support the design of any Infiltration drainage.

No building shall be occupied until the complete surface water drainage system serving the property has been implemented in accordance with the agreed details.

Reason : To ensure that the proposed development is satisfactorily drained in accordance with policies GEN7 and GEN9 of the Arun District Council Local Plan.

- 5 No development shall take place until there has been submitted to, and approved by, the Local Planning Authority, a landscaping scheme including details of hard and soft landscaping and details of existing trees and hedgerows to be retained, together with measures for their protection during the course of the development. The approved details of the landscaping shall be carried out in the first planting and seeding season, following the occupation of the buildings or the completion of the development, whichever is the sooner, and any trees or plants which, within a period of five years from the completion of development, die, are removed or become seriously damaged or diseased, shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority gives written consent to any variation.

Reason: In the interests of amenity and of the environment of the development in accordance with policy GEN7 of the Arun District Local Plan.

- 6 The building hereby permitted shall not be occupied until provision for car parking and secure cycle storage have been made within the site in accordance with details to be submitted to and approved by the Local Planning Authority and such provision shall thereafter be permanently retained as such.

Reason: To ensure that adequate and satisfactory provision is made for the parking of vehicles clear of adjacent highways in accordance with policy GEN7 of the Arun District Local Plan.

- 7 Notwithstanding the provisions of Part 1 of Schedule 2 of the Town and Country Planning (General Permitted Development) Order, 1995 (or any Order revoking or re-enacting this Order) no extensions (including porches or dormer windows) to the dwelling houses shall be constructed or buildings shall be erected within the curtilage unless permission is granted by the Local Planning Authority on an application in that behalf.

Reason: To safeguard the privacy and amenity of adjoining occupiers, maintain adequate amenity space and safeguard the cohesive appearance of the development in accordance with policy GEN7 of the Arun District Local Plan.

- 8 No development or new tree planting should be located within 3 metres either side of the centreline of the public sewer and all existing infrastructure should be protected during the course of the construction works. Furthermore due to changes in legislation that came in to force on 1st October 2011 regarding the future ownership of sewers it is possible that a sewer now deemed to be public could be crossing the property. Therefore should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its conditions, the number of properties served, and potential means of access before any further works commence on site. The applicant should discuss with Atkins Ltd, Anglo St James House, 39A Southgate Street, Winchester SO23 9EH (Tel 01962 858688).

Reason:

To ensure that the development is satisfactorily drained in accordance with policies GEN7 and GEN9 of the Arun District Local Plan.

INFORMATIVE:

A formal application for connection to the public sewerage system is required in order to service this development, please contact Atkins Ltd, Anglo St James House, 39A Southgate Street, Winchester, SO23 9EH (Tel 01962 858688) or www.southernwater.co.uk.

NOTES RELATING TO PLANNING APPLICATION
TOWN AND COUNTRY PLANNING ACT 1990

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the First Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in case of a householder appeal) of the date of this notice, whichever period expires earlier.

If you want to appeal, then you must do so within 6 months of the date of this notice using a form which you can get from the Secretary of State, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN or on line at www.planningportal.gov.uk/pcs

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

PURCHASE NOTICES

If either the local planning authority or the Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (that is, where the land is situated in a National Park, the National Park authority for the Park, or in any other case the district council in whose area the land is situated). This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter 1 of Part VI of the Town & Country Planning Act 1990.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the

development. You will need to carry out your own checks to determine whether any other consents or permissions are required. For example, the Building Regulations are likely to apply to most developments, and a Highways Licence may be required from West Sussex County Council for any development within the public highway (including the placing of skips on highway land).
