Subject: Bognor BR/270/18/PL.

Dear Mr Davis,

We look with horror to the high block of flats that dominates and destroys Bognor skyline and always wonder, 'who allows such development?'

The proposed student flats in the centre of Bognor, whilst lower, again amaze us. Is there not a high restriction for such a historic town to maintain its distinctive character? If not, please, please advise us how to help limit buildings to a height in proportion to their surroundings.

Regards

Diane and Philip Smith
