Importance: High

Dear Simon,

Please see confirmation below from my colleague Elaine Webster (SSSI Officer) of the slight amendment to condition 1.

If you have any further queries please let me know.

Warmest wishes,

Francesca Barker

Subject: RE: Ramp at Bognor

Dear Joe

Further to our telephone conversation today, regarding an amendment to the recently submitted planning application for a new boat ramp at Bognor Yacht Club.

The amendment requested is to extend the ramp so that the sloping section of the ramp measures 22 metres not 21 metres as originally specified. This will mean it extends 1 metre beyond the end of the nearby outfall pipe. The straight section will remain at 14 metres to clear the stable part of the shingle beach.

I can confirm that this small extension is acceptable. All other conditions are to remain the same.

Amended condition 1.

1. The ramp is to extend no further than 1 metre seaward of the nearby outfall pipe (see photo in annex 1) in order to avoid impacting the movement of natural sediment.

Kind regards

Elaine

Subject: Ramp at Bognor

Dear Elaine

Further to our discussion earlier this today please find attached photo of the beach scene. The shingle level has dropped by at least 10 inches in 24 hours, it was almost up to the level of the pipe shown in the photo

As you can see now there is still some shingle beyond the pipe

Best wishes

Joe
