Hi following our conversation, as I'm not able to provide the structural engineers report for the application, I'm going to have to take your advice at this time and follow your instructions and remove this from my application. Despite it being the reason for the tree to be removed, as I'm not in a position where I can afford it. As I discussed with you on the phone my neighbours insurance company have already seen this tree as a potential issue, and will be looking towards me as a revenue if I have done nothing to protect her property. This is the reason for the application. I do not want to be taken to court for damages which could have been prevented.

Regards

Jamie
