Good afternoon Simon,

In response to the query from the Landscape Officer regarding the heights of the plants and trees to be planted, we would actually appreciate some guidance on this to what what would be acceptable.

However, I would suggest the following as a realistic approach to the heights of the plants and trees to be planted:-

TREES :-

- A. 1 no. Prunus/Cherry - Approximate height 1.5M.
- B. 1 no. Fagus/Beech - Approximate height 1.5M.
- C. 1 no. Acer Palmatum/Japanese Maple - Approximate height 1.5M.
- D. 1 no. Sorbus/Mountain Ash - Approximate height 1.5M.
- E. 4 no. Crataegus/Hawthorn - Approximate height 1.0M.

SHRUBS :-

- F. 5 no. Ligustrum Japonicum/Variegated Chinese Privet - Approximate height 0.5M.
- G. 18 no. Prunus Laurocerasus/ Cherry Laurel - Approximate height 0.5M.

Hawthorn Hedgerow - Approximate height 0.5M.

Best wishes,

Michael.

Dear Michael,

Please see below comments of our Landscape Officer. Please respond with the required information to me by the 27th January so that I have time to reconsult before the decision date.

Kind Regards

Hi Simon

The landscaping scheme proposed under this application BR/274/21/DOC is looking ok ,but please can you ask the applicant to confirm the heights at time of planting of the plants specified under Proposed Landscaping Plan Dwg No 12 Rev F. This needs to also include the Hawthorn hedging plants and also the quantity of these.

Thanks

Sue
