

Mrs. Mary Stanley, Georgia, Sylvan Way,
Bognor Regis, PO21 2RS

11th December 2018

Development Control,
Planning Department,
Arun District Council.

Dear Sir/Madam,

Re, BR/279/18/HH - Blakeney Cottage, Sylvan Way.

I wish to add a further comment to my original objection, dated 19/11/18, which I understand I am able to do before the closing date of 13/12/18.

The amount of groundwork already undertaken in the grounds of Blakeney Cottage and the proposed work in the application makes me very concerned. Any excavations close to Georgia could affect the stability and foundations of Georgia and make it unstable.

There is only a narrow gap of just less than three metres between Georgia and Blakeney Cottage and as Sylvan Way houses are built on clay this needs to be considered.

I believe a visit to Sylvan Way to consider the raised height of Blakeney Cottage and the changes to cladding, render and slate tiles will make clear the unwelcome impact this will have on the adjacent houses and on the traditional and pleasant street scene.

Yours truly,

A solid black rectangular box used to redact the signature of Mrs. Mary Stanley.
