Dear Mr Temple,

Please note my comments on the above application.

Looking at the drawings the proposed house does not appear to fit in with the rest of Mead Court; or even complement the existing buildings. Mead Court was designed, I imagine, to harmonise with Spencer Terrace.

There does not seem to be sufficient space to build the new house, provide parking and an outside area, leaving number 8, a large family house, with adequate provision of the same.

The land in front of numbers 1 to 7 is owned by those properties. Without permission from the owner, it would not be available to residents, visitors or construction workers to any other property.

The new house would be very close to the adjacent flats. I believe these flats are rented and trust that the owners opinions have been sought.
