6th December 2018

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Demolition of existing dwelling & erection of a three story building to provide 9 No. flats,
6 No. 1 bed & 3 No. 2 bed units with associated amenity areas, access & car parking.
99 Victoria Drive Bogor Regis

Thank you for your internet representation made on 5th December 2018 which has been recorded as '**an objection**' with the comments as follows:

Victoria Drive North and South is already clogged with traffic flow and overparking, existing residents already find it difficult to get in and out of property due to high volumes of traffic and drive ways being blocked. 6 dwellings instead of 1 will lead to more traffic flow, and parking on road if residents have more than 1 car. With no speed restrictions or road calming encouraging more traffic and off street parking can only add to what is already a high health and safety risk for road users and pedestrians.

The once nice road of Victoria Drive with its individual styles of houses has already seen what multiple occupancy dwellings accepted by the council can do to the environment and appearance of the area. there seems to be a policy of a proliferation of multiple occupancy dwellings expanding in the Drive and a halt to further expansion needs to be reviewed.

The loss of another individual family home to be replaced by a non character building of flats will also be a detrement to the area

Unfortunately it is not possible for the council to respond to each representation individually but your views will be considered before the application is determined and I shall write to inform you of any decision made.

If the application is to be determined at the Development Control Committee and your letter has been received after the agenda has been published, you will not receive a separate letter notifying you of the date of the meeting and the procedures for public speaking. In such circumstances, it is recommended that you track the progress of the application on the website or telephone for further information. Please be advised that any comments received after the the Development Control Agenda has been produced will be reported to the meeting. Please also note that only a small number of all planning applications are determined at the Development Control Committee, most are determined by officers under delegated power.

All representations are published on our website so please make sure your views are clear and only include information that you are happy for the public to view. Do not include personal information or information from third parties unless you have their permission to do so. If a complaint is received that permission has not been given for comments included about a third party, the Council reserves the right to redact/remove all relevant information. Do not include information that is defamatory or breaches equality or other legislation. If you do not wish your comments to appear on the website and on the file, please confirm this in writing and I will arrange for it to be destroyed, although this

does mean that its contents will be disregarded. For details of what we do with your personal information please refer to our privacy statement comments on planning applications which is available on our website www.arun.gov.uk/planning-privacy-statements.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
